# MBBS Admission in India Through Trusted NEET Career counselling

Clearing NEET is a major achievement, but it is only the beginning of a much bigger journey. For many students, the real challenge starts **after the exam**—deciding the right course, college, and career path in the medical field.

**MBBS admission in India after NEET** can feel confusing and overwhelming, especially with changing cut-offs, multiple course options, and limited seats. At PIERS, we understand that every student's situation is different, and a single decision can shape an entire medical career.

Our NEET career counselling is designed to give students **clarity, confidence, and complete information**. We go beyond college lists and counselling rounds. We help students understand their strengths, evaluate realistic options based on their NEET score, and choose a path that aligns with their long-term goals in medicine.

Since 2018, **PIERS** has supported students from diverse backgrounds in navigating the complex medical education system in India. Our counsellors Guide students step by step, helping them avoid common mistakes and make informed decisions about their future.

## Our counselling covers:

- ❖ Career options available after NEET
- ❖ MBBS and alternative medical pathways
- ❖ Course suitability based on NEET score
- ❖ Eligibility criteria, cut-offs, and trends
- ❖ Government and private medical institutions
- ❖ Long-term career growth opportunities

Our focus is not limited to admission alone. We aim to help students choose the **right direction within the medical field**, whether that leads to MBBS, BDS, BAMS, BHMS, Veterinary Sciences, BSc Nursing, or emerging paramedical pro grams.

**At PIERS**, we believe that honest guidance and clear information can change a student's future. Our mission is to support students with transparency and care—so they can move forward in their medical journey with confidence and purpose.

# Why Choose Us – PIERS Education Services

## guiding Your Future with Trust, Clarity & global Opportunity

At **PIERS**, our mission is to bring *clarity, confidence, and direction* to every student's academic journey. In today's rapidly expanding education landscape, students are often overwhelmed by thousands of colleges, eligibility criteria, admission processes, and conflicting information online. More choices frequently create more confusion—leading many students to make misinformed or rushed decisions.

As one of the **best MBBS counseling and career guidance platforms in India**, PIERS has made it our purpose to simplify this journey. We help students cut through the complexity, understand their true potential, and choose the *right college, right course, and right career path* based on their goals, profile, and capabilities.

### Our Focus

We believe that achieving **educational equity, transparency, and excellence** requires a diverse and collaborative approach.

PIERS brings Together expertise, real-world insights, and student-first values to ensure that every learner receives the guidance they deserve. **Our focus is built on three pillars:**

#### 1. Diversity as a Strength

We recognize that every student is unique—with different backgrounds, ambitions, financial considerations, and academic goals. Diversity, when channelled correctly, becomes a powerful asset. PIERS helps students use their individuality as a Guide to find colleges that truly fit their profile.

#### 2. An Inclusive counseling Environment

Our growing network is driven by inclusivity. Whether a student comes from a metropolitan city or a rural background, whether they aim for India or abroad—we ensure that everyone receives equal access, unbiased counseling, and transparent admission guidance.

#### 3. Success Should Never Depend on Identity

At PIERS, we firmly believe that a student's success should **not** be determined by social, cultural, or financial identity. Our counseling approach ensures that opportunities, support, and outcomes remain predictable, fair, and directly connected to the student's abilities and aspirations—not external factors.

**“PIERS EDU helps students achieve their educational goals with expert guidance, personalized counselling, and trusted university partnerships.”**

## FOUNDERS of PIERS

**Founder of PIERS**  
**Late Mr. R. Sinha**

**Co-Founder of PIERS**  
**Late Mrs. Nila Sinha**

**The foundation of PIERS was laid in 2006 by Late Mr. R. Sinha**, with a clear mission to provide research-based consulting solutions and to empower students through quality education with a broader vision.

An ordinary man with an extraordinary vision, he began his journey with limited resources but limitless conviction and a deep commitment to excellence. A man of integrity and action, he firmly believed that education is the most powerful way to serve society. Recognizing the growing competitiveness in education, he established PIERS to Guide and support students toward a brighter future.

Born in 1952, **Mr. R. Sinha began his professional journey in 1985 as a trader** and later went on to establish his own manufacturing unit in Ranchi. His long-term vision extended beyond business—he aspired to build schools and colleges in Jharkhand under the PIERS group, creating lasting educational institutions for future generations.

His sudden demise in 2006 was a profound loss for the organization and his family. However, **the journey of the PIERS group continues**, Guided by the values, vision, and mission laid down by Late Mr. R. Sinha—continuing his legacy of education, service, and social responsibility.

**Mrs. Nila Sinha**, Co-Founder of PIERS EDU, was a woman known for her quiet strength, deep values, and unwavering dedication to her family. After the untimely demise of her husband, **Late Sri Ravi Sinha**, in 2006, she stood strong during one of the most challenging phases of her life. With remarkable determination and grace, she raised her children and ensured that each of them built a stable, successful career.

When **PIERS EDU was founded in 2018**, Mrs. Sinha played a silent yet powerful role in shaping its values and vision. She never sought the spotlight, but her beliefs, ethical thinking, and faith in education as a life-transforming force became the moral backbone of the institution.

Her sudden passing in **2025** left an irreplaceable void in both the family and PIERS EDU. Yet, her legacy continues through her son, **Mr. Rajiv Ranjan Sinha**, who now carries forward the vision, principles, and values she deeply believed in.

Mrs. Nila Sinha will always be remembered for her strength, sacrifices, and the lasting influence she had on the foundation of PIERS EDU.

**Mr. Rajiv Ranjan Sinha**  
CEO, PIERS EDU

A warm welcome to the **PIERS** family.

I firmly believe that education is the foundation that empowers individuals to face challenges, make informed decisions, and lead successful lives. **At PIERS**, our mission is to Guide students toward the right education through the right colleges and universities, both domestically and internationally, ensuring clarity, confidence, and long-term growth.

I sincerely thank and acknowledge the parents and students for placing their trust in **PIERS**. Your decision reflects your commitment to quality education and a brighter future.

As an educational consulting organization, we take pride in providing ethical, transparent, and genuine counseling for admissions to premier institutions across domestic and international destinations. Our role extends beyond admissions—we strive to support students in building meaningful academic and professional journeys.

I am privileged to lead a highly dedicated and committed team that continuously strives for excellence in career counseling and education guidance. Together, we remain focused on integrity, personalized support, and student success.

I warmly welcome all students to the world of education and wish them every success as they unlock their potential and move confidently toward their future.

## VISION

## MISSION

In today's era education is a goal, PIERS vision is to go across the globe and provide international education so students can achieve their dreams. Our expert team ensures high-standard counseling support and complete educational solutions in India and abroad.

Our mission is to be the most reliable educational consultant in India, providing hassle-free services, smooth admission processes, and correct guidance so students can excel in their chosen fields.

## Meet the People Behind PIERS EDU

Passionate counsellor's and advisors helping you at every step of your journey.

**Puja Sinha**  
**Centre Head**

**Puja** is one of the key driving forces of **PIERS EDU** behind accelerated growth, quality enhancement, and operational excellence. As the Centre Head, she carries a rare combination of strategic intelligence, bold leadership, and dedication to success for each student. With her sharp decision-making, confident presence, and modern leadership style, she is one of the strongest pillars of **PIERS EDU**.

With rich experience in counselling, admissions strategy, team leadership, and Centre operations, Puja has played a transformative role in shaping **PIERS EDU's** identity as a trusted and results-driven career-guidance institution. The Centre prospers under her leadership in performance, discipline, and personalized mentoring, making certain that every student gets the right direction and every team member evolves in skills, clarity, and confidence.

**Sunil Kumar Jha**  
**Administrative Head**

**Sunil Kumar Jha** has been an industry stalwart, believing and promoting that education must be accessible to all. In his 20+ years of experience in the education sector he has worked tirelessly to make sure that every child in India is able to fulfill his/her dream of having a promising career.

He believes that with the onset of internet revolution a good quality education is at a one hand distance from the students and they should be eager to reach out for it. He is motivated to work with all the students and their parents to help them achieve their goals of becoming a successful professional by ensuring a meaningful education. In his stint with **PIERS** he is determined to help the newcomers and parents navigate the challenges of identifying a suitable career path and prepare them for the future.

**Ankita Pathak**  
**Team Leader**

**Ankita Pathak** is the **Team Leader at PIERS EDU**, known for her exceptional leadership, student-first approach, and deep expertise in international education counselling. With several years of experience guiding students toward the right academic pathways, Ankita ensures that every student receives transparent, ethical, and personalized support throughout their admission journey.

She is highly skilled in **career counseling, documentation planning, university coordination, and student case management**, making her one of the most trusted advisors at PIERS EDU. Ankita believes that every student deserves the right guidance, and her calm, positive leadership style inspires both students and her team members alike.

We believe That global Education needs to be redefined for today's borderless world. And we are the changing face of this new wave of global Education.

# NEET Ug Services – MBBS

## Admission guidance & counselling

### | PIERS EDU

PIERS EDU provides expert NEET Ug Services, including MBBS admission guidance, counselling, seat matrix, cutoff details, fees, and complete step-by-step support for students. With years of experience in medical admissions, we aim to simplify the process for students and parents, ensuring a smooth and stress-free journey toward their dream colleges.

### MBBS Admission guidance & counselling Services 2026 – Services

MBBS is one of the most sought-after programs after 12th (Science). With numerous colleges and universities in India and abroad offering MBBS courses, selecting the right college can be overwhelming. Our **premium NEET Ug services** provide complete guidance on MBBS admissions, NEET Ug, NEET Pg, medical counselling, fees, and related processes—all without the need to visit colleges physically.

We offer personalized **admission guidance** to help students choose the best colleges based on their academic performance, preferences, and career goals. Our services are designed to give students a competitive advantage, ensuring they never miss an opportunity due to lack of information.

#### How PIERS EDU Makes NEET Ug Easy

At PIERS EDU, we combine **experience, expertise, and personalized attention** to make NEET Ug admissions simple for students and parents. Our **counselling packages** are designed to cover every step of the admission journey—from exam preparation guidance and college selection to counselling and final admissions.

By choosing our **NEET Ug Services**, students can focus on preparing for exams while leaving the complex admission procedures to our expert team. Our mission is to empower students with **knowledge, clarity, and confidence** so that they can make informed decisions and secure a successful future in medicine.

**“To ensure that you get the best services at the least cost, we have divided our services into various packages. Kindly go through each and select the best suitable package for you.”**

Changes in NEET 2026 application form

# MBBS in India: Pros and Cons

Pursuing MBBS in India is a significant decision that requires careful consideration of its advantages and challenges.

Here's a comprehensive look at the pros and cons:

## Pros

### Quality Education

Medical colleges in India offer robust academic curricula designed to produce skilled professionals.

Training is rooted in practical and clinical exposure, especially in government hospitals.

### Affordable Fees

Government medical colleges have low tuition fees, making education accessible to many students.

Scholarships and financial aid are available for deserving candidates.

### Wide Range of Institutions

India has 600+ medical colleges, offering diverse options across government, private, and deemed universities.

### Diverse Patient Exposure

Medical students in India gain hands-on experience by treating a variety of diseases, enhancing their practical knowledge.

### Recognized Degrees

MBBS degrees from Indian medical colleges are globally recognized and approved by bodies like the NMC and WHO.

### Career Opportunities in India

High demand for medical professionals ensures job security and growth.

Opportunities for postgraduate specialization are vast, with NEET-PG and INI-CET providing gateways to advanced education.

### Cultural Familiarity

Students studying in India remain within familiar cultural, social, and linguistic environments.

## Cons

### Intense Competition

NEET is highly competitive, with limited seats and lakhs of aspirants vying for admission.

Securing a seat in a government college is particularly challenging.

### High Cost of Private Colleges

Private medical colleges can have exorbitant fees ranging from ₹10 lakh to ₹25 lakh annually, making them inaccessible for many.

### Limited Infrastructure in Some Institutions

While top colleges have excellent facilities, many institutions lack modern infrastructure and advanced teaching resources.

### Rigid Education System

The focus on rote learning over critical thinking and research opportunities can hinder a student's growth.

### High Workload

Medical education demands extensive study hours, internships, and training, leaving minimal time for personal life.

### PG Entrance Challenges

After MBBS, students must clear another competitive exam (NEET-PG or INI-CET) for postgraduate specialization, increasing stress.

### Limited Research Opportunities

Compared to international institutions, Indian colleges may provide fewer opportunities for medical research and innovation.

## BDS COLLEGES IN INDIA

**Bachelor of Dental Surgery**, which is commonly known as BDS, is an undergraduate course in the field of dentistry. The program covers various aspects of dental related problems and issues and dental surgeries. BDS helps aspirants to become a dental surgeon or dentist in the future. The study of BDS consists of 5 years duration, 4 years of academic studies followed by 1-year compulsory internship.

Individuals pursuing this course study a wide range of subjects, such as human anatomy, physiology, biochemistry, nutrition and dietetics, dental anatomy, dental material, oral surgery, orthodontics, and much more. It provides an in-depth knowledge of dental-related topics to its students and prepares them as a future dentist and dental surgeons.

There is a wide range of colleges that offer BDS in India, in different zones, i.e. south zone, east zone, west zone, and north zone. Information of the college is given along with the list of top BDS colleges in India.

## IMPORTANT POINTS TO BE TAKEN CARE

- ✓ **ENTRANCE EXAMS:** Apply to All Entrance Exams. Know Admission Process In Details. Explore the Internet or meet any Professional expert to know about Counseling Process.
- ✓ **Admission:** to Government or Private colleges are Possible only by 1 Method i.e. COUNSELING. Make a strategy after exploring colleges according to their Rating and your Budget
- ✓ **COUNSELING:** Participate in Counseling and be Careful in Filling Choices. A single mistake can dis- qualify you from current session.
- ✓ **CHOICE FILLING:** While filling choices Must evaluate colleges and set their correct order to avoid choosing a low grade college at higher rank. Sometimes students miss to obtain seat even after having a good rank.
- ✓ **DIS-QUALIFICATION:** If a student get allocation of a high budget college and decides either not to join or if the student resigns after joining, the student will become Not Eligible for that academic year.
- ✓ **ADVANCE BOOKING IN COLLEGE:** After Supreme Court Guideline NO College/University can make commitment to any students for Advance Booking of seat.
- ✓ **DIRECT ADMISSION:** Kindly Note There is NO ANY DIRECT ADMISSION in Any College/Deemed University. Admissions to Management Quota/NRI Quota are also done by Counselling Only.
- ✓ **BEWARE OF FRAUD:** Avoid Agents and Consultancies who use to promise Big brands in small budget. Kindly Note Admission completely Depends upon NEET Score Also avoid people saying they can manage Counselling or NEET Score. There is NO ANY such possibility.

IF NOT QUALIFIED IN NEET: NO ADMISSION possible in INDIA + ABROAD if one does not qualify the NEET Exam. Just Start Preparation for Scoring Better Marks Next Year

*Believe*  
in Yourself  
*Unstoppable*
